A Message From The Principal

Come one, come all!! To the **Sand Point School Open House**. Dinner will be at 6:00. After dinner parents and students will visit classrooms. Everyone is invited to join us at the school for a spaghetti feed/potluck. The staff will provide the spaghetti and refreshments. We ask if you can bring your favorite side dish or dessert.

Every so often I hear a good one....Enjoy!

A couple lived near the ocean and used to walk the beach a lot. One summer they noticed a girl who was at the beach pretty much every day.

She wasn't unusual, nor was the travel bag she carried, except for one thing. She would approach people who were sitting on the beach, glance around, then speak to them.

Generally, the people would respond negatively and she would wander off, but occasionally someone would nod and there would be a quick exchange of money for something she carried in her bag. The couple assumed she was selling drugs and debated calling the cops, but since they didn't know for sure they just continued to watch her.

After a couple of weeks the wife asked, "Honey, have you ever noticed that she only goes up to people with boom boxes and other electronic devices?"

He hadn't and said so. Then she said, "Tomorrow I want you to get a towel and our big radio and go lie out on the beach. Then we can find out what she's really doing."

Well, the plan went off without a hitch, and the wife was almost hopping up and down with anticipation when she saw the girl talk to her husband and then leave. The man walked up the beach and met his wife at the road. "Well, is she selling drugs?" she asked excitedly."

"No, she's not." he said, enjoying this probably more than he should have.

"Well, what is it, then?" his wife fairly shrieked.

The man grinned and said. "Her name is Sally and she's a battery salesperson."

"Batteries?" cried the wife.

"Yes," he replied. "Sally sells C cells by the seashore."

A Note to Parents/Guardians of Students in Grades 7-12...

As we head toward the midterm report, most of the kids are doing very well. Some still have not read their AR books, which is a concern. Last year every student who met my AR goals made good progress in improving their reading skills, at least a years worth of progress and in some cases more than two years of improvement in one year. Those who did not meet my goals-made little or no improvement in their reading. So please, help you children by getting them to read!!! Students should all be over 25 percent of AR goal, and over 50 percent would be even better.

Webgrader passwords and user names have been given to the children and are on their planners on a sticker. Please check your children's progress.

I hope I see you all tonight at the Open House.

Mr. Elder

Parents with outstanding charges for lap top damages or losses, and parents of children who have not signed out computers-please make arrangements with Mrs. Perkins for payments, and meet with me (it takes about five minutes) so we can get a computer signed out for your child. It is an important learning tool.

Win \$1000

The American Government class at Sand Point once again has the marvelous opportunity to take part in the Close Up program in Washington DC. Close Up gives students an opportunity to learn about how our government works, the history of our government and country, and about our responsibilities and rights as citizens of the United States of America. In order to make this opportunity a reality we need your help. See Tim or Ivy to purchase a ticket. Tickets are \$20 and only 100 will be sold. The drawing will be held on October 10th. Thanks for your support!
